

REFLECT *select*

Reflect Protect's high exterior reflection and low interior reflection make it ideal for one-way mirror applications, as well as providing unparalleled heat rejection and glare reduction.

	Total Solar Energy Rejection	Visible Light Transmission	Visible Light Reflection	Visible Light Reflection (Interior)	Glare Rejection	Solar Heat Gain Coefficient (SHGC)	UV Rejection	IR Rejection
Reflect Select	85%	7%	13%	54%	92%	0.15	99.9%	-
